**FOUNTAIN XTREME LINE MARKING PAINT**

FountainLine's unique, high-durability line-marking paint.

- **2X the brightness**
- **2X the durability**
- **2X the concentration**

Mark twice as many fields with the same amount of paint. 1 x 10L tub now makes up to 160L of line-marking liquid. All-weather line marking, XtremeWhite also includes our game-changing hydrophobic formula that lets you paint straight onto wet grass.

**Save Time**

High-durability pigments mean lasts twice as long, so you only need to mark half as often.

**Save Money**

Double the concentration means you can mark twice as many fields with the same amount of liquid.

**Save Space**

Our 10L XtremeCube tubs occupy 40% less storage spaces, which also lowers freight and warehouse costs.

**Save Spillage**

Square-corner tubs make for easy pouring, and include easy-to-follow dilution instructions.

-----------------	-------------

Tchoukball is a sport played on an indoor or outdoor court measuring 40m x 20m (130 feet x 65 feet). Courts can be modified to suit juniors. At each end there is a 'frame' (a device similar to a trampoline/rebound net - off which the ball bounces). This frame measures one square metre and a semi-circular 'D' measuring 3m (10 feet) out on the field, and comprises 12 players, of which 9 may be on the court at anyone time, with 3 subs. In order to score a point, the ball must be thrown by an attacking player, hit the frame and bounce outside of the 'D' without being caught by the defending team. Physical contact is prohibited, and defenders may not attempt to intercept the attacking team's passes. Players may take three steps with the ball, hold the ball for a maximum of 3 seconds, and teams may not pass the ball more than 3 times before shooting at the frame. 1 field of 16 x 32m and an official Tchouk ball playing the game.
